BOX PICTURE

Entac mosquito camping lights for protection against mosquito bites! It can be used in flashlight and lamp mode as well and with the help of UV lights it ensures a night free from mosquitos. Our mosquito camping lamp is available with a 3W output and 180 lumen brightness. Due to the IP44 protection, it can also be used in places with high humidity or water droplets. The product can be recharged with a USB charger and it comes with a 18650 battery. Its operating time is a maximum of 15 hours. Due to its multifunctional lighting mode, the lamp also has a hanger that enables us to use it anywhere while camping and also provide the light we need.

The Entac Flashlight category includes numerous other products. Learn more about these on the following [link](#).
