BOX PICTURE

Dress up your terrace, balcony or home for the Christmas holiday with Entac Christmas lights controlled with an app! Download the app to your mobile phone and customize the colors of the light and the lighting mode the way you wish. You can choose from 8 lighting modes or even sync the light with the rhythm of your favorite songs. You only need to download the free “Idea Power” app and install it on your iOS or Android device. The product also has a timer, thus you can set how long it should be on, when it should switch off or when lighting should restart.

Our Christmas lights that may be controlled with the app are available in warm white (WW) or cool white (CW) color temperatures, as well as in a multicolor, RGB version. Due to its IP44 protection, it can be used both indoors and outdoors. The 9-meter long string features 120 LEDs, while an additional 5 meters of cable ensures convenient access to a power source.

You may find the detailed operating instructions in the box.

The Entac Christmas lights category includes numerous other products. Learn more about these on the following [link](#).
